

FORETIME

once – we shared the beat of our hearts
we – we knew exactly who we'll be
and – no one could stop us in the end
back – then everything was at a glance

you still feel it – tight around your neck
but you're afraid to – leave it all behind

now – now everything falls apart
time – was not always on our side
will – you realise that we've changed

you still feel it – tight around your neck
but you're afraid to – leave it all behind

YOU CRAWL BACK INTO YOUR SKIN
DIM ALL THE LIGHTS
SCRATCH YOUR PLANS ERASE YOUR NAME
I COME RIGHT THROUGH TO YOU

LOOK WHAT WE HAVE BECOME
