

ALREADY THERE

how do you cope with this loss my friend
so far it seems you're still you
please take a step, stumble, fall into
why take this so hard and make-believe
don't you see

THAT YOU ARE ALREADY THERE
IT'S TRUE THERE'S NO OTHER WAY

now I let go and leave you be – I don't feel
not even better when I drown my fears
you better get out and just breath in – this life
there's much more to life than another drink
don't you see

THAT YOU ARE ALREADY THERE
IT'S TRUE THERE'S NO OTHER WAY

if you bury me – bury me inside out
all I ever was – was this fire deep inside
no I can't see – see you around
cos all you are right now is an ache in my heart
